COINCIDENTAL TO last week's column in which we "lifted" from the San Jose Mercury-News a short piece about the origination of the name "Campbell" was the item brought into the office by C.J. Dreischmeyer, of Old Orchard Road. He had clipped it from the Santa Cruz Sentinel.

Some of you may recall that we even ran an illustration of the coat-of-arms of the Scottish clan of Campbell in our column last week and that, according to the Merc-News clipping, the name Campbell was derived from the Gaelic word "caimbeul" which means "crooked-mouth", not because of a misshapen mouth but apparently because one of the ancient Scottish chiefs of the clan was morally defective.

The newspaper clipping from the Santa Cruz paper also dealt with the name "Campbell" and it wasn't very complimentary. It was a report of a planning commission meeting in the surf city in which it had been suggested that Riverside should be renamed Campbell all the way to the merry-go-round on the boardwalk.

This suggestion really blew up a storm.

One commissioner was appalled at the very thought.

She first claimed that no one had ever heard of a merry-go-round on Campbell street. Then she added, "Campbell doesn't have much class".

Another commissioner agreed that Campbell was not a classy name but he added that Riverside is not a very classy avenue.

However, Campbell's honor was defended by one party.

He said that he came from a long line of Scotsmen and he resented all the aspersions on the name "Campbell"

THERE ARE TIMES when it hardly pays to get up in the morning.

Take last week as a f 'instance.

Our editorial "Whose Money is it?" was meant to be a friendly warning to those of us who are vitally interested in getting a pedestrian overpass at San Tomas Expressway where Rincon deadends.

We suggested in the editorial that there was a well-founded rumor floating about that a highly-placed county department head had indicated that the county's share of the cost of the ped-overpass ($50,000) might not be forthcoming because the controversial $10 motor vehicle license fee measure failed to pass.

The overpass is planned as a joint venture with the county, Campbell, San Jose and the school district participating in the financing.

Campbell has its dough ready ($25,000) as a result of the bond election last year and it is understood that San Jose and the school district are also ready to go.

We suggested in our editorial that the PTA's and other groups interested in the overpass might have to move into the actual political arena (supervisors) to get the county money released for the overpass.

WE HAVE LONG ADVOcated the pedestrian overpass. We have literally poured out thousands of words supporting the project from the very inception of the idea, more than two years ago.

We thought our record was pretty well established.

Until we were hit by a missive between the eyes from a group of mostly young mothers from the Montezuma area. They actually reside within the city limits of San Jose but are almost completely Campbell-orientated.

The letter from the gals appears in this issue.

Over the years as a newspaperman we have been blasted plenty for something we have or have not written.

So we should be somewhat immune from all types

Luncheon and Pickup

Clean - up climax

"The spotlight" and the television cameras will focus on local business beautification and cleanup efforts Thursday noon when awards will be made to 18 businesses at the Sveden House noon lunch.

Keynote speaker for the culminating event will be Norvell Gillespie, executive vice president and general manager of the California Anti-Litter League. His topic will be "It's a Big Bold Littered California."

Also attending the luncheon will be Supervisor Ralph Mehrkens and Assemblyman Alfred Alquist. Invocation will be by Rev. Ben Gould, minister of First United Methodist Church and welcome will be by Ken Mantle, president of Chamber of Commerce who are co-sponsoring the event with the Citizens for Beautification Committee.

Representation from all parts of the community is hoped for, as the Citizens Beautification Committee is planning a home-owner contest in the coming months and is anxious to welcome localites who will contribute to the city-wide effort.

The awards luncheon is the climax to an eight month effort by interested citizens which has resulted in cleanups of vacant lots, improvements of business exteriors and an active participation in development of a small park on Alice Ave. Driving force behind the campaign has been Mrs. Courtland Watson, who has organized citizens into committees to dramatize beautification needs of the community.

In conjunction with beautification, entry into a national cleanup contest by the C of C is planned. Entry is made by compiling the results of all types of city efforts toward improving the "face" of the city. Proof of projects is made by submitting photographs showing before and after results of various projects. Newspaper publicity is prime proof of the citizens efforts.

Awards made at the luncheon will be to winners in five categories of business improvement, one for large shopping centers, another for commercial merchants, one for service and professional offices, one for industrial and manufacturing and one for civic organizations who have sponsored and executed a beautification project in the city. In addition, some honorable mentions will be made. Evaluation was first made by individual teams who visited each business within the city and made a preliminary survey. Final judging was made by a panel of seven judges.

Some of the clean-up efforts have proved "contagious' and as recently as last Saturday, a group of youngsters and adults spent a morning cleaning a two acre parcel of vacant land on LaPradera Dr.

Reservations

Persons interested in attending the community luncheon at the Sveden House on Thursday, Sept. 26, are urged to call the Campbell Chamber of Commerce, 378-6252 for reservations.

NEW PARK MAN--William R. Podgorsek, 860 Virginia Avenue, left, was officially appointed to the Park and Recreation Commission by the Campbell City Council Monday night. Podgorsek fills the vacancy created by the resignation of Commissioner John Billmeyer. Introducing Podgorsek to the Council is Don Hebard, chairman of the Parks and Recreation Commission.

Council asks city attorney to stay

In a surprise action, the Campbell city council Monday night voted to rescind their previous motion to accept the resignation of city attorney Joe Bonacina. Bonacina had tendered his resignation last June, to become effective Dec. 31, 1968.

Councilman Ralph Doetsch made the motion at nearly midnight near the end of a heavy agenda which saw the council chambers filled nearly to capacity. Doetsch expressed his feeling that the experience of the attorney was too valuable to the city to lose. Councilman Homer Hyde asked for Bonacina's sentiments on withdrawing his resignation and was told that the city attorney would reconsider A further motion was made to have city manager Bob Stephens and Bonacina work out specific duties and compensation classification for the city attorney post.

Earlier in the evening a vocal group of county residents expressed their disapproval of annexation by the city of two parcels of land involving the properties of planning commissioner Jack Healey, 1791 Grace Ave., and owned by George Emerson, 1780 Phantom. The annexation was approved.

Another group of county residents, residing on a private street behind the Rolling Hills Shopping Center waited long into the evening to express to the Council their interest in participating in street improvements and dedicating land to allow a public street to be constructed in front of their residences. Spokesman for the group, John Turner, asked the city to call for a bond posted by the shopping center developers which would allow construction of a 20 foot right-of-way.

First reading was given to Meribah Company on a planning development to include a four story garden office complex and high density residential on the north east corner of Hamilton and San Tomas Expressway.

Approval was given to the formation of a local improvement district on east Rincon Ave. between Winchester and First Streets in which the city contribute two thirds of the cost from bond monies voted last October. Residents of the street present at the meeting were not dismayed that they would lose the trees lining the street when construction starts and one was heard to say she was "tired of raking leaves". Some 36 property owners are involved in the L.I.D., which passed without protest. Contract for the improvements was awarded to L. F. Piazza Paving Co. for $28,957.40.

By a 3-2 vote, with councilman Hyde and Mayor William Smeed dissenting, the council, after lengthy discussion, voted revocation of the live entertainment license of the Classy Chassy on S. Bascom Ave. effective in 30 days.

City Manager Stephens was authorized to proceed with the acquisition of 11 parcels of property for civic center purposes. County Librarian George Farrier reported he had received indication from the Board of Supervisors that additional money would be available to implement the added costs of the enlarged library plans.

Earlier in the meeting a Pedestrian Safety Citation was presented to Capt. Don Burr, representing the Campbell Police Department, by a representative of California State Automobile Association.

William R. Podgorsek, 860 Virginia Ave., was appointed to the Parks and Recreation Commission. Podgorsek, a printing firm co-owner, was one of six candidates for a commission seat. In recommending Podgorsek, Don Hebard, park and recreation com mission chairman, expressed gratification at the interest in the post and stated that the commission is asking the other candidates to accept appointments to a special citizens group being created to assist the commission in its plans and program.

The council will meet next Monday night in a joint session with the planning commission. Items scheduled to be discussed include planned development of Hamilton Ave., high - rise buildings, amendments to the general plan and review of variance allowances.

Smokers boost city's income

Campbell's share of the August apportionment of the cigarette tax was $7,920.29, according to Houston I. Flounoy, state controller.

Only five cities in the county (San Jose, Santa Clara, Sunnyvale, Palo Alto and Mountain View) collected more from the cigarette tax than Campbell for the month.

The apportionment was made according to a new formula which became effective July 12. Under this formula, 50 percent of the cities's share was apportioned by local sales tax ratio and 50 percent by population ratio.

The county received $41, 571.59.

San Jose's share was $129, 349.19 followed by Santa Clara with $30,461.84, Sunnyvale, $28,243.39; Palo Alto. $26,946.74; Mountain View, $21,685.51.

Los Gatos closely followed Campbell with $7,554.26.

August building permits drop

Building activities in Campbell took a drop dollar wise during the month of August although a total number of 28 building permits were issued for the month against 13 for last month. In monetary terms the valuation, however, was $238,157.00 for August as against $361,153 for last month.

A decided drop from last years activities was noted for the same time, with a total of 39 permits during August of 1967.

Construction wise the activity showed one single family home permit valued at $31,327; three duplexes, $97, 695; three commercial, $63, 600; one swimming pool, $3,000; 12 alterations and additions; two demolitions and six signs.

The over all total building valuation was $5,452,564 for 1968 to date and $3,250.090 for the same period last year.

REAL WORKERS--Turning out for a neighborhood beautification project last Saturday were some 40 youngsters and about ten adults. A two acre lot at the rear of Wing's Market was the "target" which was attacked by Latimer school fourth grade Camp Fire Girls, Latimer Boy Scouts, Castro Jr. high students and Prospect high students. The results? A 20 yard container donated by Green Valley Disposal Co. was filled to overflowing!

TODDLER'S MITE--Two year old Susie Roberts, 1840 Ensenada, wasn't about to let all the big kids do the work on LaPradera Dr., so she adds her "bit" to the pile. Forty youngsters and 10 adults turned out for the Saturday morning project.

EVEN THE FIRE MARSHAL--Gene Borden of Campbell Fire Dept., as a member of Citizens for Beautification and a resident of the Los Ranchitos area was one of the first on hand last Saturday to help his neighbors clean papers, bottles, and large tumbleweeds from an empty lot on LaPradera Dr. Camp Fire Girls initiated the project. sparked by Mrs. Adam Pigula, Mrs. Norm Glover, Mrs. John McKenty and Mrs. Edward Almgren, Latimer Cub Scout leader.

Trash pick-up Friday for city residents

A chance to do a final yard, house, attic and basement cleanup before the "snows" will be offered on Friday when Green Valley Disposal sponsors a free pick-up of small items to residents of the city.

Elimination of rubbish and debris is a target of the city fire department who has worked closely with the scavenger company to effect this second pick-up of the year.

Previous clean-up efforts have resulted in as much as 189 tons of debris being hauled away, with a near-record of 175 tons last May. A special pick-up of large items sponsored by the Citizens for Beautification Committee resulted in 125 tons removed prior to that.

Items slated for pick-up must be curbside, or at the usual garbage collection spot by 7 a.m. on Sept. 27. Only those in good standing with Green Valley who live within the city limits can participate in the program.

HELP!

Activity on the Alice Ave. Park has come to a temporary standstill while the committee looks for "volunteer" rototillers--preferably manned! If you can help, please contact Carl Kuhn (378-8148) or Mrs. Lawrence Tober (378-4939).

Big operators steal big stuff

Three grand theft reports were filed with Campbell police during the last week involving materials taken from businesses.

Tanner Construction, 214 Christich Lane, reported that a scraper and ripper was removed from the metal pallet where it had been stored in a lot across the street from the business location. Large equipment would have been involved in removing the stolen goods which was designed to be mounted on the back of a truck. Valuation of the equipment was placed at $735.

Frank Dorsa reported that clothing and liquor valued at $297.50 had been taken from 971 E. Hamilton Ave.

Someone wanting to add a new roof helped themselves to $213.50 worth of shakes, shingles, nails and assorted accessories from the construction site at Pollard and Elwood.

Editorial

By Congressman CHARLES GUBSER

Since her husband's death, a Santa Clara County widow and the mother of five children, one of whom is retarded, has worked long hours to support her family by operating a small fruit stand. By working diligently, she has been able to raise her family without accepting welfare.

But trouble started recently when a state-owned automobile stopped to deliver a group who picketed her establishment because she happened to be selling grapes. Her livelihood and ability to support her family was thus severely hampered by an illegal secondary boycott supported in part by a tax supported agency.

It is also well known that offices and employees of the anti-poverty program funded from taxpayer's money have been actively engaged in supporting the boycott of California table grapes.

The purpose of today's column is to suggest that if tax money is being used to promote the cause of Cesar Chavez, there is an obligation to present the other side A federally licensed radio or television station must give equal time for the presentation of both sides of an issue, so why shouldn't the same requirement apply to government?

In an effort to promote fairness and objectivity I offer a few quotations from a booklet recently prepared by the South Central Farmers Committee of Delano grape growers.

"Delano grape pickers are...among the highest paid farm workers in the nation....earned an average of between $2 and $2.12 per hour during the 1967 season... are covered by more protective laws than farm workers in any state...Free housing, transportation and other benefits are provided by growers.

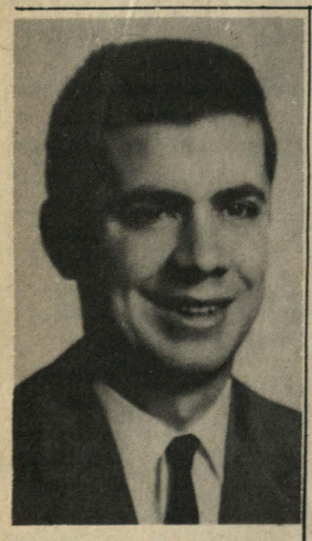
"Delano was chosen for the attempt to organize farm workers because...grape pickers are best able to pay dues and the union needed a well settled, non-migrant work force (migrants don't stay in one place long enough for convenient recruitment or dues collecting). ...90% of the workers lived in the community or within easy commuting distance... .

"Delano table grape growers are...caught in an ever-tightening cost-prize squeeze...Table grapes were marketed at an average price of $60 per ton ten years ago and $61.90 last year.

"Production costs have advanced anywhere from 25% to 100%...A tractor costing $10,000 ten years ago now costs $17,000...property taxes have almost doubled...Delano grape growers already pay higher wages than most of their competitors. Table grapes are being shipped from South America where workers earn about as much in one day as Delano workers earn in one hour. ...As a result vineyard owners are harvesting their grapes for winery use instead of for table use. This cuts down on labor requirements, but eliminates jobs.

"Only three out of seventy growers have union contracts, representing a "handful" of the 5,000 workers. Picketing has been primarily by paid professionals and volunteers from student groups, campus militants, and cooperative clergymen.

"TIME MAGAZINE reports the union organizing committee is receiving $10,000 per month from the AFL-CIO and $7,500 per month from UAW. It (the committee) probably spends $500,000 a year.



SERIES SPEAKER--Pastor Don Hightower will be the speaker for a series of meetings which will be held Oct. 2-6 at the Church of God at 555 McGlincey Lane. Theme for the series will be on what the Bible prophecies for the coming world events. Each service will begin at 7 p.m., except the last one scheduled for 11 a.m. Sunday. The public is invited to attend.

Youth recovers from fall

Dennis Smith, son of Mr. and Mrs. Wendell J. Smith, 1220 Paula Dr., Campbell is recuperating at Serra Medical Hospital and would welcome visitors any day from 2 to 4 p.m.

On August 5, Smith was taken unconscious by helicopter to the Santa Cruz General Hospital after falling 120 feet while climbing in the Davenport area. He was unconscious for three weeks but has made an excellent recovery and is learning to walk again. He should be released from the hospital in the next few weeks.

Smith graduated from Campbell High in 1966 and has completed two years at West Valley Junior College.

of blasts.

But the letter from the Montezuma group was a little different.

Shucks, gals we have been on your side all the way.

And we still thought we were.

We merely were calling attention to the fact that the county has not yet put up its share of the dough for the overpass.

And the comment has been made (whether the gals know it or not) that because of the failure of the 10-buck tax the county might NOT come through at all, at all.

We just thought we all ought to be ready to pounce where it will count the most when the time comes.

And, despite the verbal slap from our gal friends, we still do.

Oh, well, at least six people read that editorial.

ACCORDING TO A RECent study completed in the West Valley College district by Dr. Edward L. Bernays, noted public relations authority, a paradox on higher education for this particular area was uncovered by the survey.

The survey showed that in the college district nine of every 10 parents expect to send their children to college and 72 per cent of these want their children to attend a state - supported college in California.

BUT, and here is the stickler: only seven per cent of the district adults report they knew a great deal--and 72 per cent knew little or nothing--about West Valley College!

We had an interesting discussion with Dr. Bernays while he was making the study here.

He was kind enough to drop us a note of appreciation after he had returned to his home in Cambridge, Mass.

He also enclosed a clipping from the New York Times which reported on the so-called paradox...

That is, 70% of the parents want their kids to go on to college. But they hardly know that West Valley College exists.

We were flattered to learn that Dr. Bernays had informed Dr. Wallace Hall, college president, and Jack Armstrong, board president, about his discussion with us. He indicated that we had managed to pass on some constructive thoughts and suggestions to him.

But really the thing that really bugs us about this so-called paradox of parents supposedly wanting their children to go to college but not knowing that a college exists in their own back yard is that it just doesn't make sense.

If the people don't know anything about West Valley College, where then are the students coming from who now attend the college?

The enrollment has exceeded all expectations to date.

So maybe it is a good thing the people don't know the college is around. Otherwise where would you put the students.

-0-

SURPRISINGLY THERE are a few people around who have indicated from time to time that they enjoy this column and also the "hard-hitting" editorials.

We need such people to bolster our ego, especially after being fried in oil occasionally by our critics.

One reader, after reading in a recent "on-the-limb" about the garbage men's problems, especially over what can be and what can't be put in a garbage can, called in a suggestion about ashes.

You might recall that we reported that putting ashes in the trash can is verboten.

Our reader said that she first puts the ashes in a paper bag; ties the bag tightly and then puts the bag in the can. No problem.

She also added that ashes scattered around plants helps keep snails away.

-0-

WE HAD DEVOTED CONsiderable space in that particular column to this trash and garbage situation.

Our interest had stemmed from a publicly-aired (at a council meeting) running feud between an irate housewife and a garbage man.

That was where the question of what could not be put in a trash can arose. Basically it is a question of weight, except in the case of ashes.

We first thought that the reason ashes were prohibited was because of fire hazard.

'Taint so, we have subsequently learned.

It's really because ashes spray back into the garbage man's face and can harm the eyes.

At least that's what we have been told.

-0-

YOU CONSTANT READers and others will have a respite from our meanderings for the next two issues.

Two guest columnists are to make their appearances.

Next week's "on-the-limb" will be done by Jack Healey, long-time planning commission member and former chairman of that body.

The following week Mrs. Grace Hebard, former woman's editor of The Press and now on the West Valley College librarian staff, will do the honors.

Have fun!

Letters to the Editor

Dear Mr. Vierhus,

We are only a little less impressed with your editorial of September 18 than we were by your apathy two years ago. At that time we could have used more positive action, rather than a negative reaction now.

Those of us who were involved with the Pedestrian Overcrossing have never been "thwarted by a county bureaucrat". On the contrary, we found him extremely kind and helpful when all we encountered from local government was indifference. Your allusions are inordinate and a product of misinformation.

The wisdom of this editorial is doubtful, unless of course, your intent is to undermine.

Dear George,

As you know the National Association of Letter Carriers Campbell Branch 3988 took out a box ad in this issue of your fine newspaper. We feel that some members of this community may not fully realize what has been happening to the Postal Service in the past six months or so. We would like to elaborate in this letter, the following are a few things we mourn.

–Reduction of Collection Boxes in residential territory.

–Curtailment of A.M. Collections, in most collection boxes a letter placed in the box after 6 p.m. is not collected until the next afternoon.

–Delay of Parcel Post, parcel post on non-motorized routes are usually delivered in the late afternoon.

–Regular Route Schedules are often delayed up to 2 hours due to insufficient help.

–The forced employment of persons with criminal records to handle the mail, which contains cash, stocks and bonds, jewelry, credit cards, personal and payroll checks, letters and gifts of such personal value no monetary value could be placed upon them. Witness a recent event in San Francisco where an ex-prostitute was stealing credit cards and was selling them to her friends in the profession.

We could go on and list innumerable instances such as this, but we are sure items listed will get our message across.

Very truly yours,
Members NALC Br. 3988

Mental Health Department adds "Drug Abuse Clinic" to services

Santa Clara County Mental Health Department has added a "Drug Abuse Clinic" to its services.

Dr. Alex Monto, director of the program, and Robert Campos, special drug abuse control coordinator, have formed a program that includes both inpatient and outpatient care.

According to Dr. Monto, "The drug problem in Santa Clara County is "Methadrine", or "Speed", as it is called on the streets. We're concerned because of the hepatitis factor and the psychological addiction."

"The emphasis of the program is on outpatient care, although there are some inpatient facilities." He went on to explain, "Our program for drug abuse is part of the Alcoholism program. They have similar problems."

Robert Campos, commenting on the need for such a program, stated, "Twenty-five to thirty persons come through our program per week. Drug abuse, particularly methadrine, is quickly becoming the number one drug problem in the county. It used to be that the drug problem was concentrated in such areas as the Haight-Ashbury in San Francisco, but the problem of drugs has moved out into the suburbs and has become diffused over large areas. Drug abuse doesn't recognize class, income or education. It is one of the bigger problems of our time."

In the program both inpatient and outpatient therapy is intense, designed to change the life-style of those people with a drug problem. The therapy used in the program is a confrontation technique that was developed at Mendocino State Hospital and Synanon House, an organization dealing exclusively with drug addicts.

Dr. Monto suggests that the program will be expanded: "The future plans include one or two nurses as well as mental health aides. The aides will come from the socio-economic groups with a high incident of drug abuse. This means ex-addicts will be helping those still involved with drugs. This approach has proved very successful in treating the drug abuser."

Campos also sees the county program as one that will work closely with the community.

ME, HIM AND HER--Performers at the opening luncheon of Campbell Country Woman's Club were an exciting trio who participated in the "Fantasticks" revue staged by Campbell high school last summer. Left to right are Kevin Barnes, Mark Newell and Shirley Hennessy. Serving the luncheon were members of the Women's Christian Service of First Methodist Church.

Senior Citizens secure new meeting place

A newly organized group known as West Valley Senor Action Center is now housed in the building next door east of St. Lawrence Episcopal Church on Rincon Ave. This group is for the purpose of advancing the cause, culturally and socially of Senior Citizens in the limited income class.

The building is being made available through a Federal available through a federal grant to E.O.C. and has secured the approval of Campbell Housing Commission, for use as a meeting place and office. Organization meetings have been held on several Sunday afternoons recently and interest is being shown by senior citizens of Campbell. A board of directors and officers will be elected, and will act under the guidance of Ed Rider, director.

Some furnishings have been installed but there is still a need for more chairs, tables, and office furniture such as a desk chair and filing cases. Anyone having articles which they no longer need, please call 378-5323.

Bridal vows exchanged

MRS. JACK KLINESMITH

Miss Cynthia May Dorwarth, who has been making her home with her aunt and uncle, Mr. and Mrs. George R. Morrow, 729 Harriet Avenue, became the bride of Jack LeRoy Klinesmith recently at a double ring ceremony held at Sacred Hearts Chapel in Saratoga. Cynthia is the daughter of Mr. and Mrs. William E. Dorwarth of Pennsylvania.

Given in marriage by her uncle, the bride wore a floor length white chantilly lace gown with a long matching train. Camden Chatter

By Diane Carman

Introducing new-comers kicked off the first assembly of the school year, Sept. 12. Camden's foreign exchange program, "Youth For Understanding", is represented by Hiep Tran Quang from Vietnam and Norbert Renner from Germany. Both gave brief talks.

After 12 new teachers were introduced by James Crawford, principal, Dave Long, this semesters student body president, presented the newly formed spirit commission, including cheerleaders, song girls flag girls, letter girls, and majorette.

*****

Friday the 13 proved to be a lucky day for over 350 Camdenites when the Syndicate of Sound entertained at the first dance of the year.

Commenting on the success of future dances, Mrs. Plant, social affairs advisor for this year, said that there is a large number of students signed up for the social affairs commission. She hopes to have a great change in the dances, bringing big-name bands to Camden, which will in turn bring more students to the dances.

*****

Student Council and Spirit Commission members have been busy selling student body cards. Approximately 450 cards have been sold at the price of $8.

Competition is being held, with any member selling 50 cards, receiving a free card.

Louis Franson is leading in the sales with 86 sold followed by Gail Newton with 61 sold and Barbara Roberts with 51 sold.

The purchase of a student body card includes a yearbook and the admittance into any athletic activity.

Last Friday, a Freshman Rally was held in the Boys' Gym to introduce the cheerleaders and song girls to them to start their enthusiasm for the coming year. The Varsity cheerleaders for this year are: Kay Davis, Bonnie DeMartini, Brenda Hawthorne, Shirley Hennessy (head), and Sharon Wungluck.

The Frosh/Soph cheerleaders are: Sandy Cebrian, Dee Drummond (head), and Nancy Labrador.

The cheerleaders uniforms are square necked jumpers with box pleats from the hips down. Their sweaters are red, white and blue. The shoes are white saddle shoes with red or blue saddles. The Varsity cheerleaders are wearing blue jumpers and the Frosh/Soph are wearing red.

The song girls are: Bonnie Atkinson, Petra Bumgart, Cathy Evola, Pam Knight and Terry Young (head).

The song girl uniforms are blue jumpers with long white sleeves and white collars. The shoes are navy blue tie shoes. The pom poms are blue and white.

The band trimmings - the Pirettes (the drill team), the letter girls, and flag girls were introduced. They are as follows: the Pirettes: Debbie Austin, Lark Benbow, Lisa Congdon, Mary Dismore, Penny Knight, Cathy McLain, Chris Nunes, JoAnne Nunes, Pam Rawlinson, Kathy Robison (head), Ellen Rosenlund, Ann Sjoberg, Darlene Strange (head), and Theresa Vance.

The letter girls are: Cecilia Alvarez, Monica Alvarez, Sharon Burns, Karin Cisco, Carol Fischer, Robin Justo, Shirley Miller, Gail Newton, Shelley Walsh (head), and Eileen Womack.

The flag girls are: Cathy Grant, Joyce Green, Cheri O'Brian, Judy Rothwell (head). Diane Smith, Cindy Stephenson.

The rally showed a lot of spirit in the Freshman and a lot of team support.

Our first football game is this Friday, Sept. 27 against Lincoln at 3:30 on Campbell's field. Everyone is invited to come and support the team.

Last Tuesday, Girls' Sports had an Initiation Day for the new members. Each old member of Girls' Sports was given a new member to be in charge of throughout the day. Whatever the old member said to do, the new member had to obey. For example, a girl could wear makeup on one eye or had to wear clashing clothes or things like that. All in all it proved to be a lot of fun and a good time for everyone.

Pictures were taken last Wednesday and Thursday during the P.E. classes for the yearbook, student body card, and if desired, picture packets if you paid a fifty cent deposit.

This Friday is the last day you can buy your student body card from Councilmen or in the Treasure Chest. The student body card sales has been doing well. A total number of cards sold has not been tallied yet.

Last Friday, the Welcome Dance was held in the Girls' gym. The turnout was good and everyone had a good time. The door prizes varied from banana splits to dinners for two. Along with the regular prizes. John McCloud, the KLIV disc jockey, brought record and albums that were given out to winners of the dance contests. By the end of the evening, many students left with prizes.

She has had seven years of English before coming to America. She has been here a month and she says it is very exciting. Her courses are English, U.S. History, Biology, Choir, American Comparative Government, and Girls' Sports. She was able to come because of Y.F.U., Youth For Understanding.

*****

There was an assembly last Tuesday in which the band played the school hymn and fight song for the first time for the students. The students who were interested in running for Student Body President were introduced. There is going to be a rally this week also. It will be to promote spirit for the Panthers' first game this Friday at Westmont with Oak Grove. The varsity cheerleaders were also introduced and they did some cheers with the student body.

*****

There is going to be a dance after the game Friday at Prospect for Prospect students. It is hoped that it will be a victory dance.

*****

Panther Song Girl Debbie Jones injured her leg while practicing last week and will not be dancing for the first game. We hope to see her up and dancing for the big Saratoga game, Oct. 4, if not sooner.

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER NEEDED FOR HIGHWAY PURPOSES

WHEREAS, County of Santa Clara has acquired for highway purposes certain real property no longer needed for such purposes, such property being more fully described in Exhibit A, attached hereto and made a part hereof as fully as if set forth at length herein,

NOW, THEREFORE, be it resolved, that pursuant to the authority of Section 960.4 of the Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare its intention to offer for sale the above described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Fifty Thousand and no/100---- Dollars ($50,000.00).

2. The County of Santa Clara has purchased a preliminary title report from Title Insurance and Trust Company, Escrow No. 318459-B. The successful bidder may close the transaction through this escrow if so desired at such title company. A copy of such preliminary title report is available for inspection at the title company.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent made out to the order of the County of Santa Clara, or the title company listed in Paragraph 2 above, in the amount of Five Thousand and no/100---- Dollars ($5,000.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent, in the amount of ten per cent of the minimum price specified in this resolution. Written bids shall be on forms provided by the County and the bidder must designate which payment option he has chosen. The bid (written or oral) must designate the name of the licensed real estate broker to whom any commission is to be paid. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with Paragraph 11 hereof.

5. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.

6. Upon receipt of the additional deposit and payment required in Paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, cashier's check or the equivalent in the sum of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

(b) The balance of the purchase price (seventy-five per cent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Such note shall bear interest at seven per cent to be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon the receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.

7. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.

8. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in Paragraph 5 above, or a failure to comply with the provisions of paragraph 6 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.

9. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record of not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.

10. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

11. County shall pay a licensed real estate broker commission in the maximum sum of six per cent (6%) of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid and only out of monies received by the Board of Supervisors for the sale of the property. Such commission shall be paid as follows:

Three per cent (3%) of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent (3%) of the purchase price to the licensed real estate broker submitting the successful bid. No commission is to be paid until the additional deposit is received by County in accordance with paragraph 5 of this resolution.

BE IT FURTHER RESOLVED that Monday, December 16, 1968, at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. BE IT FURTHER RESOLVED that the Clerk of the Board of Supervisors shall publish this resolution pursuant to Section 6063 of the Government Code and shall post a copy of this resolution on the property and at two other locations customarily used by the County for the purpose of posting public notice.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent made out to the order of the County of Santa Clara, or the title company listed in Paragraph 2 above, in the amount of Six Thousand---Dollars ($6,000.00---).
All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent, in the amount of ten per cent of the minimum price specified in this resolution. Written bids shall be on forms provided by the County and the bidder must designate which payment option he has chosen. The bid (written or oral) must designate the name of the licensed real estate broker to whom any commission is to be paid. No bid shall be considered unless such deposit is enclosed or provided therewith.
4. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with Paragraph 11 hereof.
5. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.
6. Upon receipt of the additional deposit and payment required in Paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(b) The balance of the purchase price (seventy-five per cent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Upon the receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.
7. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.
8. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in Paragraph 5 above, or a failure to comply with the provisions of Paragraph 6 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.
9. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record of not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.
10. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.
11. County shall pay a licensed real estate broker commission in the maximum sum of six per cent (6%) of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid and only out of monies received by the Board of Supervisors for the sale of the property. Such commission shall be paid as follows:
Three per cent (3%) of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent (3%) of the purchase price to the licensed real estate broker submitting the successful bid. No commission is to be paid until the additional deposit is received by County in accordance with paragraph 5 of this resolution.
